

Axumin Imaging Centers

The imaging centers and physicians included in this list are those who have given their consent to be identified. It is not an exhaustive list of all sites that offer imaging services using Axumin. This information is provided as a reference for referring physicians and is not intended to be an endorsement by BED of the physicians or sites listed, nor is it an endorsement of BED by those sites. It is the responsibility of the referring physician to determine whether Axumin is the right treatment option for their patients and to identify an appropriate referral site if Axumin is not available at their location.

Can't find an imaging site in your area or have other questions about a specific imaging site?
Please contact Siemens Healthineers' PETNET Solutions Customer Care at 877-473-8638 if you are a healthcare professional.

Axumin Imaging Centers

The imaging centers and physicians included in this list are those who have given their consent to be identified. It is not an exhaustive list of all sites that offer imaging services using Axumin. This information is provided as a reference for referring physicians and is not intended to be an endorsement by BED of the physicians or sites listed, nor is it an endorsement of BED by those sites. It is the responsibility of the referring physician to determine whether Axumin is the right treatment option for their patients and to identify an appropriate referral site if Axumin is not available at their location.

Can't find an imaging site in your area or have other questions about a specific imaging site?
Please contact Siemens Healthineers' PETNET Solutions Customer Care at 877-473-8638 if you are a healthcare professional.

Axumin Imaging Centers

The imaging centers and physicians included in this list are those who have given their consent to be identified. It is not an exhaustive list of all sites that offer imaging services using Axumin. This information is provided as a reference for referring physicians and is not intended to be an endorsement by BED of the physicians or sites listed, nor is it an endorsement of BED by those sites. It is the responsibility of the referring physician to determine whether Axumin is the right treatment option for their patients and to identify an appropriate referral site if Axumin is not available at their location.

Can't find an imaging site in your area or have other questions about a specific imaging site?
Please contact Siemens Healthineers' PETNET Solutions Customer Care at 877-473-8638 if you are a healthcare professional.
